Atlanta, GA—December 24, 2015

Dr. Ken Anderson, double board-certified facial plastic surgeon and founder of Anderson Hair Sciences Center, [a hair restoration surgery practice in Atlanta, GA](#), is proud to have been selected the National Winner of the 2015 Doctors' Choice Awards in the category of Plastic Surgery.

The Doctors' Choice Awards is a review site designed to help highlight which providers doctors themselves would choose for care, and to have a positive influence on the overall perceptions of consumers. Doctors are able to review and rate other doctors on [DoctorsChoiceAwards.org](#). Physicians can be reviewed by colleagues, friends, teachers, referring doctors and those who have worked with them in the past. A winner is selected from every city represented, based on the quantity and quality of doctor reviews received within a year. From the pool of City Winners, a National Winner is chosen.

This year Dr. Anderson has been named the National Winner in the category of Plastic Surgery. He is a compassionate physician, and has designed the Anderson Hair Sciences Center around providing the most natural, permanent hair restoration results, with focus on patient experience and minimizing discomfort and inconvenience throughout the process. Dr. Anderson is proud to receive the title of National Winner of the 2015 Doctors' Choice Awards.
